**REPORT : Blood Donation Camp held on 04 March 2020**

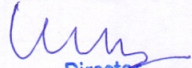

1. As planned, annual Blood Donation Camp was held on 04 Mar 2020, Wed in association with Rotary Club Sahibabad. A total of 359 units of blood were collected by Rotary Blood Bank, Noida & Vardan Hospital Blood Bank Ghaziabad. As compared to previous years, the collection was below expectation. The same could be attributed to the following:

- Spread of corona virus (and a general apprehension that the needle / bags are imports from China).
- Not enough encouragement (in many case discouragement) from the parents of students (especially those of 1<sup>st</sup> Year).
- Confusion about award of P<sub>C</sub> to the willing donors (especially by 1<sup>st</sup> Year faculty).
- A social-media news (may be fake) that the Blood Banks sell blood on a huge profit to the extent of black marketing.
- A general 'exchange of message' among students that like cancellation of Holi celebrations (possibly due to corona virus), BDC may also get cancelled / postponed.
- Students preferring to be donate blood in the event of someone's need (emergency) rather than in BDC.
- Poor response from FMs / Staff and lack of motivational efforts by departments / Sections.
- A general empathy (or lack of apathy) towards a social cause like blood donation.

2. Notwithstanding the above and with a view that like in previous years, a more respectable count of blood is collected, the following is proposed:

- Registration of the prospective donors of students / FMs / Staff may done at departmental / section level and monitored, accordingly.
- Donors (on show of Donor card) and medically unfit donors (or show of Deferral Card) may be awarded P<sub>C</sub> for the classes missed. - Yes.

**BLOOD DONATION CAMP : 10 Apr 2019 (Wed)**

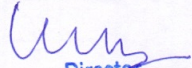

1. The gift of blood is priceless. It is the noblest form of donation as in case of need, human blood can only save a human life. Human blood is produced only by the human body. It has no substitute and cannot be manufactured.
2. In view of the above and in keeping with our policy of commitment towards society, our college has been winning laurels by conducting Annual Blood Donation Camps and making record collections over the years. An average of more than 700 units of blood each year were donated during the last three years.
3. The camp is planned to be conducted this year on 10th April 19 (Wed). Registration of the same would soon commence. The following students are nominated as convenors to make various arrangements and ensure success of the event ;

Akhil Gupta	(EN-IV Year)	7042089538
Vatsalya Yadav	(EC-IV Year)	9455811338
Anurag Pratap	(CE-IV Year)	7376200291
Mitali Singh	(CS-IV Year)	9911253879
4. It is hoped that, like every year, a large number of students, faculty and staff would volunteer for blood donation this year as well.
5. As a promotional step and with a view to sensitize the students towards this noble cause, a poster making competition will also be held on 04 April 2019 (Thur).
